

Aseet Patel presents Clear Law Institute Webinar, “How to Launch Your Internet of Things (IoT) Invention Without Getting Sued for Patent Infringement”

February 21, 2019

[Aseet Patel](#) presents Clear Law Institute Webinar, “How to Launch Your Internet of Things (IoT) Invention Without Getting Sued for Patent Infringement” on February 21, 2019.

In his tongue in cheek titled webinar, Mr. Patel will discuss how to minimize the risk of an intellectual property lawsuit sinking your Internet of Things (IoT) product launch. This course will assist you in utilizing your legal budget in preparation of an IoT product launch, identifying what aspects of your IoT ecosystem might be viable for patent protection, how to follow the U.S. Patent and Trademark Office’s Post-Grant Review (PGR) procedure to your advantage, and reducing your risk from pending patent applications by referencing the America Invents Act (AIA) third-party submission rules.
