

Michael Cuviello Presents at the IEEE-ILIPA Quantum and IP Celebration Event

On Thursday, October 16, Michael Cuviello will speak about intellectual property in the quantum technology space at the IEEE-ILIPA Quantum and IP Celebration Networking Event in Chicago.

Illinois has named October to be IP Month, and this event is a collaboration between the ILIPA and IEEE (Institute of Electrical and Electronics Engineers) to celebrate IP and Quantum innovations. Attendees will enjoy an evening of networking with patent attorneys, IP professionals, quantum researchers, engineers, and business executives.
